### Our Backpack Events Are Finally Here!

After a difficult 2020 school year for both students and their families, Project Boon is aiming to give underserved families in our communities a fresh start as students head back into the classroom.

We are so excited for the events unfolding this month and are getting close to our goal of helping 2,000 students go back to school.

With your support, the impact we have made over the years is extraordinary.

Watch as Michael Garcia, Fontana Unified School District Director of Family & Community Engagement, explains how the Project Boon team has positively impacted the students and families in his district.
